CHRISTOPHER BLAKE SMILEY

cbs116@case.edu • c.blakesmiley@gmail.com • Cleveland, OH

EDUCATION

The College of William & Mary – Williamsburg, VA
Bachelor of Science in Data Science, Minor in Public Health, *May 2026*
GPA: **3.96 / 4.00** | ***Summa cum laude***

PROFESSIONAL EXPERIENCE

Nutritional Epidemiology and Food Systems Analytics Laboratory – Williamsburg, VA
Research Assistant | *September 2025 – August 2026*
Supervisor: Dr. Zach Conrad, Ph.D.

- Assisted in updating a simulation model that estimates the agricultural resource requirements of diet patterns by linking federal health databases.
- Assisted in designing Monte Carlo simulations using NHANES data to estimate population-level health and sustainability metrics.
- Developed publication-quality figures and visual analyses to summarize key findings in health datasets by selected demographic characteristics.
- Designed a Python tool to process USDA QuickStats data, calculating crop yields to approximate missing data for Indigenous communities in the eastern U.S.

Publix Super Markets, Inc. – Colonial Heights, VA & Williamsburg, VA
Produce & Floral Clerk (Part-Time) | *March 2022 – August 2026*
Supervisor: Thomas Akridge

- Educated customers on nutritional content, storage techniques, and preparation of produce.
- Maintained inventory and quality control of perishable goods and seasonal merchandise.
- Delivered consistent, high-quality customer service in a fast-paced retail environment.

Chesterfield County Environmental Engineering Department – Chesterfield, VA
Water Quality Volunteer | *June 2025 – August 2025*
Supervisor: Aidan Kalua'a

- Assisted environmental technicians with field data collection and quality assurance.
- Conducted a self-directed analysis project on multiyear stormwater infrastructure data.

- Presented findings to department staff, highlighting previously unknown trends and infrastructure maintenance insights.
- Gained exposure to environmental policy, field operations, and local government processes.

TECHNICAL SKILLS

Programming:

- Python (including the pandas, numpy, matplotlib, seaborn, sklearn, and torch libraries)
- R (including the car, dplyr, olsrr, simEd, and segmented libraries)
- SQLite

Other:

- LaTeX
- Excel

PUBLICATIONS

- Conrad Z, **Smiley CB,** Zavela C, Husband-Wood M, Hendricks B, Nane D. Food waste in the United States from 2001-2023: a new supplemental database for the National Health and Nutrition Examination Survey. ***(Manuscript in press)***
